**Cancer Council**  
 Healthy Lunch Box

Nutrition Snippet

# The simplest way

... to swap ham out of the lunch box.

We know that ham is a lunch box staple for many families, however, Cancer Council recommends that we limit or avoid processed meats such as ham, salami and bacon, because of their link with increasing the risk of bowel and stomach cancer.

One way to help your family limit their intake of processed meats is to keep them out of the lunch box. Better choices include:

- BBQ chicken with skin removed
- Canned tuna or salmon
- Boiled eggs
- [Hummus](#)
- Cheese
- Leftover home-cooked meat
- [Home cooked rissoles](#)

**Dolls For Dementia**

Using a Teddy Bear or a Baby **Doll** can be a very effective way for a person with **Alzheimer's** or any kind of **dementia** to decrease stress and agitation.

A caregiver can use **doll** therapy for **dementia** patients as a way to put responsibility, caring and structure back into the lives of those afflicted with **Alzheimer's**.

If you have any unwanted dolls, with or without clothing, we would love you to drop them at the Office so we can pass them onto those who are assisting in this fabulous program.
