**Re: School Academic Reports** – via Sentral for Parents Portal

Attention parent/carer,

The school is very excited to announce that we can now provide parents access to view and download Academic Reports via the Sentral for Parents Portal App. Most student families have downloaded the Sentral App and are benefiting from the conveniences of making online payments, notifying the school of student absences, and NEW receive student Academic Reports.

**Semester 1 Student Academic Reports – Available FRIDAY 5 JULY 2024**

*Click on the Students ID image / Academic Reports*

This year, Student Academic Reports will be sent via the Sentral for Parents Portal App, so we encourage any families that have not yet connected with Sentral to do so as soon as possible. All public schools in the Mudgee area use Sentral for Parents Portal, including the High School, meaning parent/carers can feel confident that they are always connected throughout their child's schooling.

If you need assistance with the Sentral App, or require an 'Access Key', please contact the school office for assistance. You can find all details to download the Sentral for Parents Portal App via the school Newsletter or Website.

I wish to take this opportunity to thank all families for their ongoing support and continued involvement with our school. We value all community connection and ask that any concerns or questions regarding your child are firstly directed by communicating with your class teacher.

Kind Regards,

John Carters

Principal
